Are you ready to embark on an adventure of a lifetime? On this five day trip, you will be part of the crew as we travel down the river. Each day we will wake up, cook breakfast, load up the boats and paddle approximately 20 miles on the river. While on the water you will help maneuver the boat, and learn from the experienced guides about how to navigate on the water.

We will stop along the way to go for walks, swims or learn about the wildlife along the Mississippi. You'll learn how to cook over a fire and set up camp. Each night you'll sleep on beautiful sandy beaches along the river.
